Dear Professor Trovalusci,

The European Research Council would like to thank you for assisting us as an external referee of the ERC Advanced Grant 2013 project proposals. Your review was very much appreciated by the evaluation panel, as it greatly helped the panel in its task to identify the truly excellent proposals submitted to this call.

For an external reviewer, it is not always easy to converge your scoring to the panel's demand. Also, reviews are a time-consuming task with often only little direct reward. All the more we want to express the gratitude of the Scientific Council to your contribution to the academic community.

We would also like to take this opportunity to inform you that the results of the ERC Advanced Grant 2013 are available on the ERC homepage (<http://erc.europa.eu>), where you will find the list of funded projects.

Again, we want to thank you for your efforts, and we look forward to cooperating with you again in the future.

Sincerely,

Professor Helga Nowotny
President, European Research Council
